

Financial Inclusion initiatives through Business Correspondents:

YES Bank leverages the Business Correspondent model to propagate Financial Inclusion by extending banking services to the under-banked and un-banked households across urban and rural geographies.

Currently, the Bank deploys BC's through the following models to extend financial services:

✓ **Credit Led BC model** - Under the Credit led BC model comprehensive financial services are provided to women entrepreneurs mostly in rural locations primarily through the group lending mechanism.

✓ **Remittance led BC model** - Under the Remittance led BC Model, financial services such as Domestic Remittances, AEPS, Micro ATM and BBPS are provided to the unbanked and under-banked customers. In Urban area, the focus is on the immigrant population which requires money transfer services to their rural households. In Rural & Semi- Urban area with low ATM penetration the focus is to facilitate cash withdrawal transactions through AEPS and Micro ATM.

✓ **Liability Led BC model** - Under the Liability BC Model, Fixed-Point Service Delivery units manned by Business Correspondent are set up where comprehensive banking services like facilitation of account opening, promotion of transactions, assistance in service request processing etc are provided.

The list of Business Correspondents are given hereunder:

Credit Led BC Model:
