ABOUT KIDZANIA

KidZania is a global indoor theme park for families that empowers, inspires and educates kids through reallife role-playing activities. By blending reality with entertainment, KidZania provides an authentic and powerful developmental platform, preparing kids to understand and manage their world better. KidZania believes it can promote change, inspire global citizenship and build strong community awareness amongst children through an experience that is hands-on, engaging, and most importantly, fun. KidZania emulates the workings of a real city but built to scale for children. KidZania gives children an environment that allows them to do what naturally comes to them: role-playing by emulating adults. As in the real world, children perform "jobs" and are either paid for their work (even as a YES Banker) or pay to get a service (University, Barber Shop, Beauty Salon, Driving School etc)
