SURRENDER / PREMIUM DISCONTINUANCE/POLICY REVIVAL TERMS

What happens when you surrender the policy?

The Policy cannot be surrendered before it has acquired the Surrender Value. However, if the Policy has been surrendered post it has acquired the Surrender Value, then the same shall be payable to you. Surrender Value is defined as the higher of Guaranteed Surrender Value (GSV) or Special Surrender Value (SSV) where,

Guaranteed Surrender Value (GSV)

The policy acquires a Guaranteed Surrender Value on payment of two full year's premium. The Guaranteed Surrender Value is defined as:

Guaranteed Surrender Value of Base + Guaranteed Surrender Value of accrued Compound Reversionary Bonus (if any)

The Guaranteed Surrender Value of base shall be calculated using the following formula:

Maximum of [{GSV Factor X (Total Premiums paid plus loadings for modal premiums paid for base policy) Less Survival Benefit (if already paid)}, 0]

The GSV factors of the base Policy are as follows:

Policy Year	GSV Factor
1	NIL
2	30%
3	35%
4-7	50%
8 +	<p>Graduating linearly from 50% to 90% during the last two policy years</p> <p>Minimum $(50\% + [(40\% \times (N-7)) / (Policy\ Term - 8)], 90\%)$ N : Year of Surrender</p>

Special Surrender Value (SSV)

In practice, Special Surrender Value will be paid to you which will always be higher than or equal to the Guaranteed Surrender Value.

The SSV is defined as the sum of:

- Reduced Paid-Up (RPU) Sum Assured X 'SSV Factor'
Where;
 $RPU\ Sum\ Assured = \left[\frac{\{Total\ Premiums\ Paid\ for\ the\ base\ policy\ plus\ loadings\ for\ modal\ premiums\ (if\ any)\}}{\{Total\ Premiums\ payable\ plus\ loadings\ for\ modal\ premiums\ (if\ any)\}} \right] \times Sum\ Assured$
- Surrender Value of Accrued Compound reversionary Bonus (if any)
- Surrender Value of Terminal Bonus (if any)

Please Note: The SSV factors and Surrender Value factors for Reversionary Bonus and Terminal Bonus can be changed by the Company with prior approval of the Authority.

Please note: Policy cannot be surrendered after your death and shall continue till the end of Policy Term. All benefits shall be payable to the beneficiary as & when due.

What happens when you discontinue paying the Premiums?

In case the premium is not paid by the premium due date, a Grace Period of 30 days from the due date of first unpaid premium will be allowed. During this Grace Period, the risk cover will continue.

In case the premium is not paid by the expiry of the Grace Period, the following provisions will apply:

A) Discontinuance of Payment of Premium before the Policy has acquired surrender value

If you don't pay the due premium during the grace period, on expiry of the grace period, the Policy shall Lapse w.e.f. the due date of unpaid premium, insurance cover will be stopped and no benefits shall be payable, however, you will have the option to revive the Policy within 5 years from the due date of unpaid premium.

B) Discontinuance of Payment of Premium after the Policy has acquired surrender value

If you don't pay the due premium during the grace period, on expiry of the grace period, the Policy shall become Reduced Paid-Up (RPU) Policy w.e.f. the due date of unpaid premium.

Following benefits will be reduced and calculated using the formulae mentioned below:

- **RPU Sum Assured** = $\left[\frac{\{Total\ Premiums\ Paid\ for\ the\ base\ policy\ plus\ loadings\ for\ modal\ premiums\ (if\ any)\}}{\{Total\ Premiums\ payable\ plus\ loadings\ for\ modal\ premiums\ (if\ any)\}} \right] \times Sum\ Assured$
- **RPU Death Benefit** = $\left[\frac{\{Total\ Premiums\ Paid\ plus\ loadings\ for\ modal\ premiums\ (if\ any)\}}{\{Total\ Premiums\ payable\ plus\ loadings\ for\ modal\ premiums\ (if\ any)\}} \right] \times Death\ Benefit$

The Death Benefit, Survival Benefit, Maturity Benefit and Surrender Benefit for a Policy in RPU mode will be as follows:

- **Death Benefit for a RPU Policy:** On death during the term of the Policy in RPU status, the following benefits will be paid:
 - RPU Death Benefit paid immediately on death, plus
 - Outstanding Survival Benefit and Maturity Benefit (as defined below for a Policy in RPU mode) payable as and when due.
- **Survival Benefit for a RPU Policy:** Monthly Income payable shall be equal to one twelfth (1/12th) of 10% of the RPU Sum Assured
- **Maturity Benefit for a RPU Policy:** Accrued Compound Reversionary Bonus (if any) shall be payable on date of maturity
- **Surrender Value for a RPU Policy:** The surrender value of RPU policy will be determined using the same methodology and SSV scales as above.

What happens when you wish to revive your Policy?

A) Revival of lapsed Policy

Once the Policy has lapsed, it can only be revived within a revival period of five years from the due date of first unpaid premium, subject to following conditions:

- You paying all overdue premiums, together with interest and/or late fee applicable as on the date of revival and as determined by the Company from time to time;
- The Life Insured producing an evidence of insurability at your own cost which is acceptable to the Company; and
- The revival of the Policy shall take effect only after revival of the Policy is approved by Max Life Insurance basis the Board approved underwriting policy and communicated to you in writing. Once the Policy has been revived, all the accrued bonuses (if any) and benefits will get reinstated to original levels, which would have been the case had the Policy remained premium paying all throughout.

If a lapsed policy is not revived within five years, the Policy shall be terminated and no value is payable to you. However, if a Policy under Reduced Paid-Up Mode is not revived within the Revival Period then, it will not terminate and will continue to be under Reduced Paid-Up Mode for the remaining part of the Policy Term.

B) Revival of Reduced Paid-Up Policy (RPU Policy)

A RPU Policy can be revived within a revival period of five years from the due date of first unpaid premium subject to following conditions:

- You paying all overdue premiums, together with interest and/or late fee as may be determined by the Company from time to time;
- The Life Insured producing an evidence of insurability at your own cost which is acceptable to the Company; and
- The revival of the Policy shall take effect only after revival of the Policy is approved by Max Life Insurance basis the Board approved underwriting policy and communicated to you in writing. Once the Policy has been revived, all the accrued bonuses and benefits will get reinstated to original levels, which would have been the case had the Policy remained premium paying all throughout.

If a RPU Policy is not revived within five years of it becoming RPU, then the Policy cannot be revived and will continue as RPU Policy for the rest of its Policy Term.

TERMINATION OF POLICY

This Policy will terminate upon the happening of any of the following events:

- on the date on which We receive free look cancellation request;
- the date of intimation of repudiation of the death claim by Us in accordance with the provisions of this Policy
on the expiry of the Revival Period, if the Lapsed Policy has not been revived. However, if a Policy under Reduced Paid-Up Mode is not revived within the Revival Period then, it will not terminate and will continue to be under Reduced Paid-Up Mode for the remaining part of the Policy Term

- (2) A policy of life insurance may be called in question at any time within three years from the date of issuance of the policy or the date of commencement of risk or the date of revival of the policy or the date of the rider to the policy, whichever is later, on the ground of fraud:

Provided that the insurer shall have to communicate in writing to the insured or the legal representatives or nominees of the insured the grounds and materials on which such decisions are based.

Explanation I - For the purposes of this sub-section, the expression "fraud" means any of the following acts committed by the insured or by his agent, with the intent to deceive the insurer or to induce the insurer to issue a life insurance policy:

- c) any other act fitted to deceive
- d) any such act or omission as the law specially declares to be fraudulent

Explanation II - Mere silence as to facts likely to affect the assessment of the risk by the insurer is not fraud, unless the circumstances of the case are such that regard being had to them, it is the duty of the insured or his agent, keeping silence to speak, or unless his silence is, in itself, equivalent to speak.

- (3) Notwithstanding anything contained in sub-section (2) no insurer shall repudiate a life insurance policy on the ground of fraud if the insured can prove that the misstatement of or suppression of a material fact was true to the best of his knowledge and belief or that such misstatement of or suppression of a material fact are within the knowledge of the insurer:

Explanation - For the purposes of this sub-section, the misstatement of or suppression of fact shall not be considered material unless it has a direct bearing on the risk undertaken by the insurer, the onus is on the insurer to show that had the insurer been aware of the said fact no life insurance policy would have been issued to the insured.

- (5) Nothing in this section shall prevent the insurer from calling for proof of age at any time if he is entitled to do so, and no policy shall be deemed to be called in question merely because the terms of the policy are adjusted on subsequent proof that the age of the life insured was incorrectly stated in the proposal.
