▪ **Asset Quality:**

Bank continues to show resilience on all Asset Quality parameters which have unfolded in line with expectations outlined for FY16 by the Bank.

**1. NPA – ‘Lowers Credit Cost Guidance for FY16’**

Gross Non Performing Advances (GNPA) as a proportion of Gross Advances was at 0.66% (Rs. 558.6 Crs) while Net Non Performing Advances (NNPA) as a proportion of Net advances was at 0.22% (**Rs. 187.2 Crs**) as at December 31, 2015. Bank’s specific loan loss **Provision Coverage** was at 66.5% as at December 31, 2015.

The Provision Coverage takes into account the Bank’s in-depth assessment of recoverability on the underlying accounts based on collateral, and does not factor the potential benefits of an improving business environment.

Credit cost for the quarter was 14 bps (9MFY16 actual credit costs at 34 bps).

Bank lowers its guidance for FY 2016 credit costs to maximum of 50 bps.

**2. Standard Restructured – ‘No new loans restructured & No slippages from standard restructured book’**

During the quarter, the Bank has not done any restructuring. Further, there were no slippages from the restructured book into NPA during the quarter as well as in 9MFY16.

The total Standard Restructured Advances as a proportion of Gross Advances was at 0.67% (Rs. 568.3 Crs) as at December 31, 2015. Out of this, 0.34% is on account of delay in project completion in roads (3 accounts), which the Bank expects will achieve project closure over the next 9 months given accelerated de-stressing of the road sector. Of the balance portfolio, the restructuring packages have been performing in line with expectations, and the Bank does not anticipate any material slippages in this book. The preservation of inherent economic value in the restructure portfolio is also evidenced through ‘NIL’ slippages from this book during 9MFY16.

**3. Security Receipts – ‘No Sale to ARCs during the quarter/ last 5 quarters’**

There has been no sale to ARC during the previous five quarters and Security Receipts (SRs) stand at Rs. 212.4 Crs (0.25% of Gross Advances, comprising 10 borrower) as on December 31, 2015.
