Tips for Secure Online Banking

- The Bank will NEVER ask for any confidential information over email or phone call.
- DO NOT respond to web-form in e-mails, that ask for your NetBanking or email user id/passwords, ATM card number or PIN, Date of Birth, Mobile Number etc
- NEVER use a link in an email to log on to NetBanking. Type the URL directly into your browser's address bar to ensure that you are reaching the correct page
- DO NOT open e-mail attachments from unverified/unexpected sources or instant message download links Delete such suspicious e-mail messages immediately
- DO NOT access NetBanking or make payments from shared or unprotected computers in public places and Cyber Cafes
- Setup either email and/or SMS ALERTS on your NetBanking for all transactions on your account(s)
- Create a STRONG password using a combination of alphabets (lowercase and uppercase), numbers and special characters.
- Ensure that you proactively and immediately notify to Yes Bank, cases where employees who are no longer in the services of the bank or no longer require net banking access rights to Yes Bank. It is recommended that this practice be embedded with the exit/transfer formalities of the employee.
- Ensure that you have installed the latest anti-virus/anti spyware/personal firewall/security patches on your computers
- Choose a NetBanking password that is easy to remember but difficult for others to crack; always have a separate password for Bank account and your personal email account and social networking sites.
- Do not store your NetBanking password on your Mobile Phone or computer.
